

COMMONS REGISTRATION ACT 1965

Reference No. 204/D/55

In the Matter of The Hythe, Reach, Cambridgeshire

DECISION

This dispute relates to the registration at Entry No. 1 in the Land Section of Register Unit No. VG 76 in the Register of Town or Village Greens maintained by the Cambridgeshire County Council and is occasioned by Objection No. 76 made by the former Newmarket Rural District Council and noted in the Register on 18 March 1971.

I held a hearing for the purpose of inquiring into the dispute at Cambridge on 18 February 1982. The hearing was attended by Mr G L Heygate, Solicitor, for the Anglian Water Authority, the successor authority of the Objector in so far as sewage treatment is concerned.

The Objection relates to a part of the land comprised in the Register Unit, which was stated to have been acquired by the Objector by compulsory purchase order for the installation of sewage treatment plant.

The compulsory purchase order referred to in the Objection was the Newmarket Rural District (Reach) Compulsory Order 1964. However, the land which was authorised to be acquired by that Order did not include all the land indicated on the plan attached to the Objection, and Mr Heygate informed me that he was instructed to pursue the Objection only in so far as it related to the land delineated and coloured pink on the map referred to in the Order.

In these circumstances I confirm the registration with the following modifications:- namely the exclusion of the land which is ~~not~~ delineated and coloured pink on the map referred to in the Newmarket Rural District (Reach) Compulsory Purchase Order 1964.

I am required by regulation 30(1) of the Commons Commissioners Regulations 1971 to explain that a person aggrieved by this decision as being erroneous in point of law may, within 6 weeks from the date on which notice of the decision is sent to him, require me to state a case for the decision of the High Court.
