COMMONS REGISTRATION ACT 1965

Reference No. 214/U/52

In the Matter of Broxhead Common (part),  
Whitehill and Headley, Hampshire

DECISION

This reference relates to the question of the ownership of land known as Broxhead Common (part), Whitehill and Headley, being the land comprised in the Land Section of Register Unit No. CL.304 in the Register of Common Land maintained by the Hampshire County Council of which no person is registered under section 4 of the Commons Registration Act 1965 as the owner.

Following upon the public notice of this reference the Ministry of Defence claimed to be the freehold owner of the land in question, and Mr B J Lloyd claimed to have information as to its ownership.

I held a hearing for the purpose of inquiring into the question of the ownership of the land at Winchester on 27 October 1983. At the hearing the Ministry of Defence was represented by Mr D A G Stilwell of the Treasury Solicitor's Department.

The land the subject of the reference was comprised in the parcels of an indenture made 28 November 1902 between (1) Sir David Miller Barbour (2) His Majesty's Principal Secretary of State for the War Department, whereby the land was conveyed to the Secretary of State.

Mr Lloyd kindly put his argument into writing, and a copy of it is attached to this decision.

On the evidence before me I am satisfied that the Secretary of State for Defence is the owner of the land, and I shall accordingly direct the Hampshire County Council, as registration authority, to register him as the owner of the land under section 8 (2) of the Act of 1965.

I am required by regulation 30 (1) of the Commons Commissioners Regulations 1971 to explain that a person aggrieved by this decision as being erroneous in point of law may, within 6 weeks from the date on which notice of the decision is sent to him, require me to state a case for the decision of the High Court.

Because a cult has infiltrated our education system and since 1870 has forcibly taught a language to 97% of the nation that was intended for High Priests, Peerage and the Legal Profession to make them break the laws of society, it will be seen that it has been taught without any authority of state and has very effectively caused the crime rate in this country to rise considerably.

There as the Master Mason I must claim these lands for the 3% of the nation who as commoners speaking the Common Language of the world have evaded this brainwashing by the education department.

For thousands of years the Common Language of man as used in Common Prayer and Article 24 of the Church of England and still used by the Deaf and Dumb and by tradition is used in the House of Commons to make laws in that language and be it noted that every cipher and ceremony of state takes place in the Common Language. It has always been taught by comparing the ornament of gravestones against the character of deceased and the sole purpose of the Common Language of the Commoner being to create law and order

I am aware that the language taught in school damages the human brain so that it fails to see as it should and every year those so educated fail to see every picture of Father Christmas depicts him wearing his boots on the wrong foot

Shortly before every election social meetings are arranged in every village so that those elected to local government have all been educated contra to statute and the Royal Courts of Justice have no staff equipped to action a case where the liberties of the Commoner have been restricted.

The man who cuts the stone to make gravestones is covered in white dust even when cutting white stone, hence every country is ruled from a white place. The base from which it starts may be seen this country was called Albion, with its chief city Loddonarium ruled from White Hall and the White Tower and Wiltshire has a hundred known as KING EDWARDS STONE wherein is the village of Bedwyn and Lloyd the Master Mason all white names and it will be found these names are synonymous with the CROWN that gives officers of state their power to act.
