

In the Matter of Part of Manorial Waste, South  
of Tigbourne Court, Witley, Waverley D

---

DECISION

This reference relates to the question of the ownership of land known as part of Manorial Waste, South of Tigbourne Court, Witley being the land comprised in the Land Section of Register Unit No. CL 251 in the Register of Common Land maintained by the Surrey County Council of which no person is registered under section 4 of the Commons Registration 1965 as the owner.

Following upon the public notice of this reference no person claimed to be the freehold owner of any unregistered land part of the land in question and no one claimed to have information as to its ownership.

I held a hearing for the purpose of inquiring into the question of the ownership of the land at Guildford on 17 October 1979.

Mr B Ramsey appeared for the Waverley DC, but he had no information as to the ownership of any part of the land in question which is unregistered.

In the absence of any evidence I am not satisfied that any person is the owner of any unregistered land part of the land in question, such land will therefore remain subject to protection under section 9 of the Act of 1965.

I am required by regulation 30(1) of the Commons Commissioners Regulations 1971 to explain that a person aggrieved by this decision as being erroneous in point of law may, within 6 weeks from the date on which notice of the decision is sent to him, require me to state a case for the decision of the High Court.
