

COMMONS REGISTRATION ACT 1965

Reference No.38/D/62

In the Matter of Didding Common,  
Elsted and Treyford, West Sussex.

DECISION

This dispute relates to the registration at Entry No.1 in the Land Section of Register Unit No.CL.174 in the Register of Common Land maintained by the former West Sussex County Council and is occasioned by Objection No.69 made by Mr G. Elliott and noted in the Register on 20th April 1969.

I held a hearing for the purpose of inquiring into the dispute at Chichester on 24th July 1974. The hearing was not attended by any person entitled to be heard.

Mr Elliott's objection relates to only a part of the land comprised in the Register Unit. It is therefore only a technicality that the remainder of the land comprised in the Register Unit is the subject of this dispute. I have accordingly come to the conclusion that the proper way to deal with this dispute in the absence of any evidence is to confirm the registration, but to modify it by excluding the land which is the subject of the objection.

For these reasons I confirm the registration with the following modification:- namely the exclusion of the piece of land to the south-east of the track and abutting O.S. parcel 28 on O.S. sheet No.34:3 and verged in blue on the map attached to the objection.

I am required by regulation 30(1) of the Commons Commissioners Regulations 1971 to explain that a person aggrieved by this decision as being erroneous in point of law may, within 6 weeks from the date on which notice of the decision is sent to him, require me to state a case for the decision of the High Court.

Dated this 1st day of August 1974

  
Chief Commons Commissioner
